

1) Initial Pop-up

Clicking the 'X' will hide the extension if you don't want to use it.

Clicking the popup opens the Price Check interface

2) Price Check

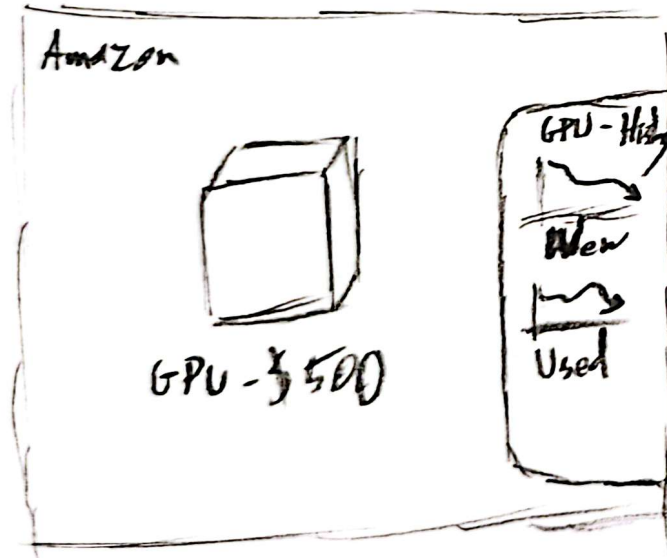

List of sources to buy item is shown. All are hyperlinks to the site for the list.

Sources like ebay have multiple prices, so lowest is shown

Link to open Item Price History page

3) Item Price History

Actively updating charts for price data new and used
